

REQUEST FOR PROPOSAL (RFP)

Invitation for Proposals for Installation, Operation, Maintenance & Marketing
of CO₂ Recovery Plant

Published in Kantipur National Daily on 24th August 2026

Himalayan Distillery Limited (HDL), a leading liquor manufacturing company, operates an Extra Neutral Alcohol (ENA) distillation plant at its factory premises, during which a significant quantity of Carbon Dioxide (CO₂) gas is generated. To recover the CO₂ gas thus generated, HDL invites proposals from interested parties for the installation, operation, maintenance and marketing of a Carbon Dioxide (CO₂) Recovery Plant at its factory premises. The plant will recover, purify, and liquefy CO₂ generated during the Extra Neutral Alcohol (ENA) distillation process into food grade CO₂.

Eligibility: Interested parties who have proven experience in the manufacturing of oxygen, carbon dioxide, or similar industrial/food grade gases/plants will be preferred.

Scope of Work The selected party shall be responsible for:

- Design, supply, installation, and commissioning of the CO₂ recovery plant
- Complete operational and routine/preventative maintenance management
- Marketing, sales, and distribution of the recovered CO₂
- All related capital investment as well as operational costs

Site Visit: Interested parties are advised to visit the factory site at Birgunj-21, Parsa to assess the existing facilities, CO₂ generation potential, available space, and other site-specific conditions before submitting any proposals.

Submission Requirements: Proposals must include:-

1. Details of technical capability, proposed plant capacity and technology, implementation timeline, space and utilities requirement, minimum contract period, experience and safety/environmental compliance measures, if any.
2. Commercial terms, proposed payment structure to HDL, and any other financial conditions.
3. Company/ Firm Registration Certificate, PAN/VAT Certificate, latest Tax Clearance Certificate, relevant regulatory authorizations and the latest profiles of key management personnel/owners.

Submission Deadline: Interested parties are requested to submit their proposals in a sealed envelope marking 'Proposal for CO₂ Recovery Plant', no later than 30th August 2026 to the following address:
